

Sidi M. Sawadogo

Ph.D. Candidate in Economics, Université de Montréal

Canadian Permanent Resident

Department of Economics, 3150 Jean Brillant Street, Montréal, QC H3C 3J7

CV updated May 2026

FIELDS

Primary fields: Econometrics; Applied Econometrics; Industrial Organization**Research areas:** Structural industrial organization, dynamic discrete choice, causal inference, semiparametric identification, and policy evaluation in regulated and network industries.

EDUCATION

Université de Montréal, Department of Economics

2021–2027 (e)

Ph.D. Candidate in Economics

GPA: 4.12/4.30

École Nationale de la Statistique et de l'Analyse Économique (ENSAE), Dakar

2016–2019

M.Sc. in Statistics and Economics, *Ingénieur Statisticien Économiste*

With distinction

Université Nazi Boni, Bobo-Dioulasso

2013–2016

B.Sc. in Mathematics

Highest distinction nationwide; *Bourse Intermédiaire*

RESEARCH

Working Papers

- **Effects of Subsidies on Welfare and Market Structure in the U.S. Broadband Industry** (solo-authored) *Job Market Paper*. [\[Paper\]](#). Finalist, 2025 Bank of Canada Graduate Student Paper Award.
Featured — Ph.D. Scholarship, Maison des Affaires Publiques et Internationales, FAS, 2026–2027. [\[Scholar portrait \(FR\)\]](#).
- **Efficient and Debiased Estimation of Dynamic Discrete Choice Models** (solo-authored)
Working paper. [\[SSRN\]](#).

Work in Progress

- **Fintech Entry and Agent Selection in Mobile Money Markets: Evidence from Senegal**
- **Target-Population Fragility in Judge IV under Average Monotonicity** (with Mohamed Coulibaly).
- **Semiparametric Identification and Estimation in Binary Choice Models** (with Mathieu Marcoux).

FELLOWSHIPS, GRANTS, AND AWARDS

- Ph.D. Scholarship, Maison des Affaires Publiques et Internationales, FAS 2026–2027
- Bank of Canada Graduate Student Paper Award, Finalist 2025
- J.W. McConnell Foundation Chair Scholarship in American Studies 2025–2026
- Fonds de recherche du Québec – Société et culture Fellowship, ranked 2nd 2024–2026
Award record: [\[FRQSC Award Record\]](#)
- McConnell Travel Grant, Université de Montréal 2024–2025; 2025–2026
- Ph.D. Fellowship, Department of Economics and CIREQ, Université de Montréal 2021–2024
- Tuition-Fee Waiver Scholarship, School of Graduate Studies 2021–2027
- Bourse d'excellence des citoyens du monde, Université Laval 2020
- World Bank Vice President's Program for African Statistical Schools 2019–2021
- Scholarship of Excellence, ENSAE 2016–2019
- Scholarship of Excellence, Université Nazi Boni 2012–2015

PRESENTATIONS AND SEMINARS

- **2026:** African Econometric Society Conference, Cairo, scheduled; AMIE Workshop; CIREQ; Industrial Organization Study Group, Montréal.
- **2025:** Competition Bureau of Canada, invited seminar, Gatineau; Bank of Canada Graduate Student Paper Award Workshop, Ottawa; CIREQ-UdeM Seminar; Congrès SCSE, Orford; QPESF Workshop; CIREQ Weekly Ph.D. Student Research Workshop.
- **2024:** CIREQ Econometrics Conference, Montréal; Canadian Econometric Study Group Annual Meeting, Toronto; Industrial Organization Study Group, Montréal; QPESF Workshop.
- **2023:** Industrial Organization Study Group, Montréal; QPESF Workshop.

TEACHING

Instructor, Université de Montréal

- ECN1260: Econometrics for Undergraduates, Fall 2025.
- ECN1000: Principles of Economics for Undergraduates, Summer 2025; Fall 2023.

Teaching Assistant, Université de Montréal

- ECN6310: Econometric Theory for Graduates, Fall 2025; Fall 2024.
- ECN2160: Econometrics for Undergraduates, Fall 2026; Fall 2025; Fall 2024.
- ECN7061: Probability for Economists, graduate level, Fall 2022.

PROFESSIONAL AND POLICY RESEARCH EXPERIENCE

Economist Consultant, World Bank

2019–2021

- Contributed data analysis and policy research to the **Mali Poverty Assessment**, studying growth, resilience, and poverty reduction. [\[Publication\]](#).
- Contributed to the **Chad Poverty Assessment**, analyzing rural income growth, human capital, and resilience in poverty reduction. [\[Publication\]](#).
- Analyzed economic recovery trends for **The Gambia Economic Update: Sustaining the Gains**, informing post-crisis policy formulation. [\[Publication\]](#).

RESEARCH SKILLS

Econometrics and modeling	Structural industrial organization; dynamic discrete choice; simulation-based estimation; semiparametric methods; policy evaluation.
Programming	R, Stata, Python, MATLAB.
Data and computing	GIS; reproducible research workflows; high-performance computing on Compute Canada clusters.
Professional tools	$\text{\LaTeX}$, Microsoft Word, PowerPoint.
Languages	French, native; English, fluent.

ADDITIONAL TRAINING

- Reproducible Research Fundamentals, World Bank. [\[Certificate\]](#).
